Bank of America to Pay \$250 Million to Settle US 'Junk Fee' Case

Bank of America Corp. agreed to pay \$150 million to regulators and \$100 million to customers for improperly charging fees and mismanaging accounts and rewards, the top US consumer watchdog said.

The Consumer Financial Protection Bureau said on Tuesday it was fining Bank of America for "systematically double-dipping on fees imposed on customers with insufficient funds in their account." The bank also withheld promised reward bonuses and moved to open accounts without customer authorization.

Russian Oil Flows Show First Signs of Drop Months After Cuts Vow

Flows of Russian crude are starting to show signs of falling, more than four months after the country was due to slash production.

Crude shipments through Russia's western ports in the four weeks to July 9 dropped substantially below their average February level for the first time, after volumes surged during the intervening months, according to vessel tracking data monitored by Bloomberg and corroborated by other data sources.

MIL Ratings System:

BUY: We believe the stock is attractively valued. The company has sound or improving fundamentals that should allow it to outperform the broader market. We anticipate the stock will outperform the market over the next 12 months. The risk factors to achieving price targets are minimal.

HOLD: We believe the stock is fairly valued at the current price. The company may have issues affecting fundamentals that could take some time to resolve. Alternatively, company fundamentals may be sound, but this is fully reflected in the current stock price. The risk factors to achieving price targets are moderate. Some volatility is expected. In addition, technically it may be difficult to attain additional volume of the stock(s) at current price.

SELL: We believe the stock is overpriced relative to the soundness of the company's fundamentals and long-term prospects.

SPECULATIVE BUY: We believe the prospects for capital appreciation exist, however there is some level of uncertainty in revenue growth. Source: www.jamstockex.com, www.bloomberg.com, www.investopedia.com, www.tradewire.com
